EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Joe Jochman on 10/27/04.

The application has been amended as follows:

On page 4 of the amendment filed 10/12/04, the phrase "Please replace paragraph [0027] on page 8, line 11, with the following rewritten paragraph:" has been replaced with --Please replace paragraph [0028] on page 8, line 11, with the following rewritten paragraph:--.

The abstract has been rewritten as follows:

--ABSTRACT

A hose having a corrugated metal tube as the innermost layer and an outer layer including an inner elastic layer, a reinforced layer and an outer elastic layer. A socket fitting is swaged onto the hose body at three axially spaced points. The corrugated metal tube is provided with a flattened end portion. A proximal end of the flattened end portion extends for a minimum of 10mm. axially away (in the direction of the complete

corrugations) from the swaged point which is axially most proximate to the proximal end of the flattened end portion.--

In claim 1 line 3, --a-- has been inserted before "reinforced".

In claim 1 line 17, "the" has been deleted.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

The prior art of record does not disclose, singly or in combination, a hose with a corrugated metal tube as claimed in detail in claim 1. Particularly, the limitation "an axial distance between the proximal end of the flattened end portion and the swaged point most proximate thereto being at a minimum 10mm." is not taught or fairly suggested by the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to James M Hewitt whose telephone number is 703-305-0552. The examiner can normally be reached on M-F, 930am-600pm.
